Frequently Asked Questions

What types of classes do you offer?

Please see the back of this pamphlet for a complete description of our class offerings.

Can I join after the session has started?

YES! We offer rolling admission so you can join anytime, provided there is room left in the class. Please call 489-MOMS to inquire.

How much does it cost?

The drop-in rate is \$16/class. If you sign up for the FULL course, you pay only \$14/class, get 1st priority for popular classes AND are entitled to many possible discounts. Please see the registration form inside for more details.

Can I just show up at the first class?

No, please call ahead to let us know you'll be coming. We can email you the initial paperwork to save you some time. Prenatal and newly postpartum moms MUST bring your caregiver's consent in order to participate.

Do I have to be a member to take classes?

No. At many of our locations members can take Healthy Moms® classes at a discounted rate, but you need not be a member to enroll.

How are Healthy Moms® classes different from regular fitness classes?

Healthy Moms® classes are designed specifically to address the changes that occur during pregnancy and postpartum. Our certified perinatal fitness instructors teach exercise variations to meet the needs of participants at different fitness levels and stages of pregnancy.

Do I have to be pregnant to take classes?

We encourage those considering pregnancy in the near future to join us even before they are pregnant, especially if they are new to exercise and want to get in shape before conception. We welcome anyone, as long as you don't mind exercising with pregnant women or babies!

Class Descriptions

Healthy Moms® & Tots

Moms get exercise, everyone has a blast! Chase your kiddo, dance to the music, & find your inner child. A great way to have fun and sweat with your mobile toddler (walkers and up are welcome)!

Prenatal AquaMoms®

The ultimate in low-impact workouts! Build strength and promote balance in the comforts of a pool. Mom feels "weightless" while maintaining her stamina for the "main event". Postpartum Moms also welcome! (It's a more intense workout than AquaMoms® w/Baby.)

Pre/Postnatal Total Body Conditioning (TBC)®

Aerobics-style class for prenatal & postpartum moms wearing baby. Includes warm-up, strength & cardiovascular training, stretching, & relaxation. Prenatal women train for the "marathon of labor". Postpartum moms learn exercises for abdominal recovery & total body toning after delivery.

AquaMoms® w/Baby

Introduce your 4-24 month old baby to water in a comfortable social environment. Moms interact with Baby while performing strength and flexibility exercises for muscles affected by pregnancy.

PowerStroll® (on hiatus for the cold weather)

"It's more than a walk in the park!" Take it outdoors with this complete workout for Mom & Baby! Get back into shape, targeting those problem areas that arise from pregnancy, while spending quality time with your baby and/or tot!

Healthy Moms ® of Durham & Chapel Hill is a passionate group of women dedicated to improving the physical and psychological well-being of women before, during, and after pregnancy. We connect, educate, and empower moms through group fitness classes; teaching safe exercises and creating a community of support, inspiration, and friendship.
